EDUCATION ACHIEVEMENT AWARD

Patrick McQuaid

Not many people can say they still walk the halls of their alma mater 45 years after graduating. Patrick McQuaid does just that every day as Athletic Director, Head Baseball Coach and Department Head of Physical Education at Nova High School.

Patrick was a football and baseball star at Nova High. After graduation, he attended Catawba College in Salisbury, North Carolina where he continued to play football and baseball. Patrick combined his passion for sports and mentoring students when he returned in 1974 to coach the Nova High baseball team.

Under his guidance, 33 student athletes have been drafted by professional baseball teams and five players have joined the major leagues. He's led the Titans to 20 District Championships, five final four appearances, two State Championships and a National Championship. To honor the coach's decades of exceptional dedication and service to Nova High, the baseball field was named the "Pat McQuaid Field."

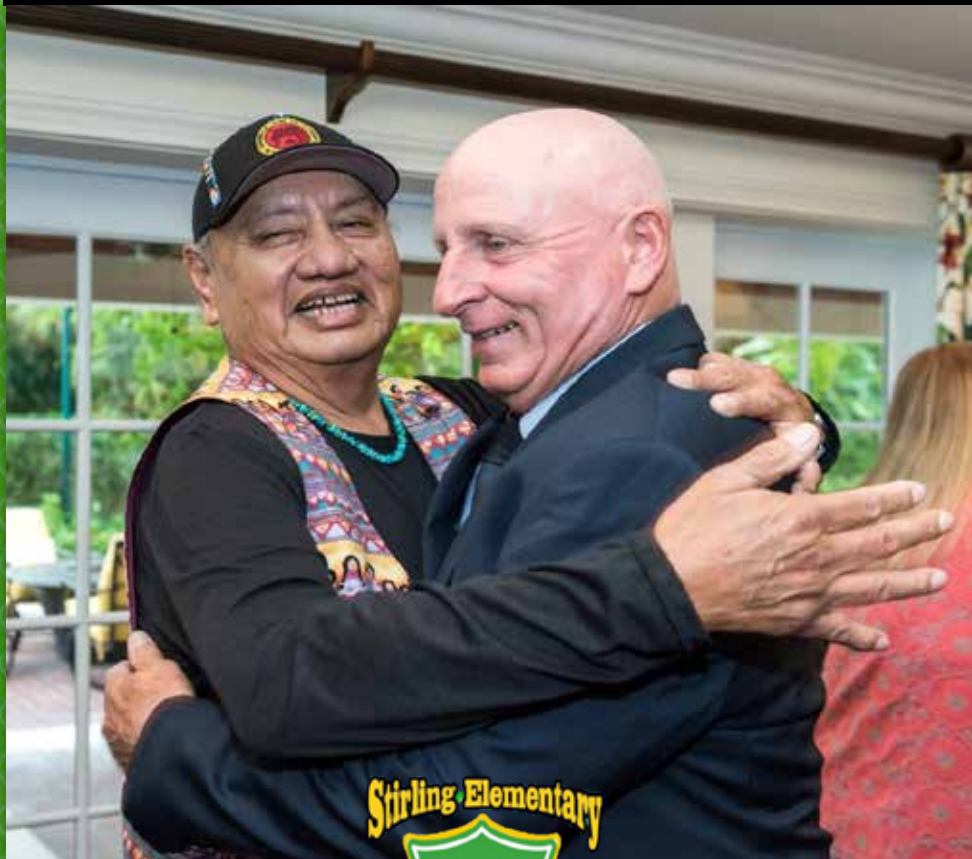

Patrick says, "Teaching the universal values of trust, respect, service, responsibility, sacrifice hard work and integrity has always been my mission. Along the way, I've worked to build a program with tradition that helps young men achieve their athletic dreams. I am proud to see so many of these young men grow up, succeed in business and give back to the community."

In addition to Broward Education Foundation Hall of Fame, Pat has been inducted into the Broward County Sports Hall of Fame, Florida High School Athletic Association (FHSAA) Hall of Fame and Florida Athletic Coaches Association Hall of Fame. He is a two-time FHSAA Baseball Coach of the Year and is also a past FHSAA Football Coach of the Year.

Patrick earned a Bachelor of Arts in Physical Education and Health from Catawba College. He went on to earn a Master of Arts in Physical Education and a Specialist degree in Educational Leadership from Appalachian State University

Telling Your Story

Universal K through 12 education is one of the foundations of our unique American experiment in freedom and justice. It is difficult to treat all as equals when some are denied a good education.

Broward Education Foundation supports all the children in our system by helping teachers and students with supplies, tuition, and funds for experimentation.

The inductees being honored today are the visible successes of our educational system. All of them support Broward Education Foundation as we all should.

BROWARD EDUCATION FOUNDATION is...

...FOSTERING INNOVATIVE TEACHING

Some of the best teaching methods come from the county's best assets, Broward County Public School teachers. Broward Education Foundation fosters innovative teaching in the district with a multi-faceted K-12 "best practices" model. Innovative Teacher and IMPACT Grants recognize and reward educators for developing programs and modifying existing ones to enhance student curriculum and increase positive outcomes. Grant funds awarded to educators are used in the classroom for the benefit of students. The Innovative Teacher Idea Expo annually showcases programs that have made a significant and measurable impact on student outcomes.

...EQUIPPING STUDENTS- "TOOLS FOR SCHOOLS BROWARD"

Choosing between purchasing school supplies for their children and putting food on the table is an unfortunate reality for many parents. Broward Education Foundation's Tools for Schools Broward helps alleviate that burden and assures Title I school teachers, or those with high percentages of children from low-income families, are able to equip these students to succeed. Through the generosity displayed in the back-to-school supply drive; and by corporations, foundation partnerships, grants, and individual donors, Tools for Schools Broward center provides for our county's most vulnerable children.

...STEWARDED SCHOLARSHIPS

As many of Broward's children look to their future, college can seem a distant dream. But with assistance from Broward Education Foundation, a post-secondary education becomes a reality. Broward Education Foundation awards scholarships primarily based on need, as well as on merit and academic achievement. Thanks to generous donors, qualified seniors pursuing a university, college or vocational education are awarded scholarships ranging from \$500 to full four-year Florida Prepaid tuitions.

...BUILDING COMMUNITY PARTNERS

Broward corporations, businesses and organizations seeking to actively engage in support of public education need look no further. Broward Education Foundation and its Partners in Education create the go-to resource for businesses that want to positively impact schools, students and teachers. As the nation's sixth largest school district, Broward County Public Schools rely on the only fundraising and direct support organization dedicated to the success of all its students and teachers...Broward Education Foundation.
